Courtney Johnson is Hartley's 2019-20 Teacher of the Year!

Alana Hayes is Hartley's 2019-20 Rookie Teacher of the Year!

Congratulations to Courtney Johnson and Alana Hayes, Hartley's Teacher and Rookie Teacher of the Year! SJCSJ teaching professionals annually nominate colleagues to be honored as Teacher and Rookie Teacher of the Year. Nominees are chosen for a superior ability to foster excellence in education and contribute to student learning and the school environment.

Hartley faculty and staff nominated Mrs. Johnson for "going above and beyond for her students and coworkers", "for her work in securing grants for special projects" and for "having a huge heart".

Ms. Hayes' peers nominated Alana for "leading student council, building excellent relationships with her students and her hardworking collegial relationship with the fifth-grade team."

Mrs. Johnson and Ms. Hayes will be formally recognized later this year at a special banquet for teachers and their families. We are proud to work with them at Hartley!

Second Grade Addition/Subtraction Wall of Fame

Want to give your 2nd grader a practical skill that will benefit him or her throughout life? Help your child master addition and subtraction facts! Being fluent in addition and subtraction (to 20) is a 2nd grade Standard, prerequisite to learning multiplication facts in third grade. Teachers can offer tips to help your child practice these at home, including the online tool: XtraMath.com

Mrs. Baker looks forward to acknowledging all 2nd graders at school and in the newsletter this year as they show their knowledge of their addition and then subtraction facts.

Congratulations to our members!

Congratulations to Third Grade “Multiplication Master” Christian Baltean!

Again this year, third graders who demonstrate a facility with multiplication facts will have an opportunity to earn “Multiplication Master” status during the second semester. **Congratulations to Christian Baltean who recently became the first member of of the 2019-20 Multiplication Masters Club by demonstrating an excellent grasp of the facts during a verbal assessment.** Multiplication Masters receive special pencils, an ice cream treat, recognition on the “Multiplication Masters” bulletin board and a mention in the school newsletter. We are hopeful that all third graders will be multiplication masters by the end of the school year!

Sign up for Home Access Center!

Now that the First Quarter has ended, it is especially important that all parents have access to Home Access Center (HAC), as school report cards are posted online. No paper report cards will be sent home, so if you need to sign up online, please visit: <http://www.stjohns.k12.fl.us/hac/> Parents, remember to sign on using the email address you provided to our school. This will enable you to see all of your children on your one account.

Reminder-Allergy Alert: No Fast Food or Restaurant Meals in Cafeteria this Year

Parents are always welcome to join their child for lunch at school. Thank you for remembering to arrive on time because our lunch period is a short 30 minutes. Due to a growing number of students with serious allergies, parents will no longer be permitted to drop off food fast food/restaurant meals. This DOES NOT include home-made lunches that students may have left at home. Again, we encourage parents to join their child for lunch at school, but please plan to either buy a school lunch or bring a homemade lunch with you. Thank you for participating in your child’s life at school!

Thank you for helping keep our children safe!

Hartley Hawk Parents and Families,

This year's main fundraiser is the HARTLEY FUN RUN! It's a two-week program that kicks off with a Pep Rally on October 28th. Families will gather pledges for every lap your student runs (30-35 laps) at the HARTLEY FUN RUN, which will happen on November 8th. This year our goal is to raise \$25,000 for digital resources, technology and student scholarships and we need your help! We've asked the experts at Boosterthon to power our fundraiser to make it easier, more profitable, and more fun.

Students will also experience an amazing character theme, MINDSPARK: WILD WEST! **Booster's most exciting theme yet combines S.T.E.A.M. skills (Science, Technology, Engineering, Arts, and Math) with character-building.** While they're teaming up with the MindSpark Kids to save Dr. Shock, our students will learn five character traits that will help strengthen themselves and our world.

Please help our school by getting pledges from family and friends and entering them on FUNRUN.COM. Also, all families are invited to come out and cheer on our students at the HARTLEY FUN RUN. We will send out more details on times.

We truly appreciate all your support!
